Who have experimented with both hand and machine planting are agreed upon this point. REMEMBER that when set by hand the tobacco plant stands still about three days, then it goes backwards about two weeks and then it begins to thrive and grow, provided the weather is seasonable. When set out by a good transplanting machine the tobacco plant thrives and grows from the very moment it is set out, because a large furrow is made into which is dumped a quart of water around the roots of the plant and then dry dirt is gathered up and pressed around the stalk. This prevents ground baking and withering plants. They thrive and grow from the moment they enter the ground—gives you a good stand and an grow from the moment they enter the ground—gives you a good stand and an early crop. Prepare ground properly, set your crop with a good transplanting machine and you need fear no frost, for your crop will be earlier than the earliest frosts. Tobacco Growers of the White Burley District who have experimented with lifferent kinds of transplanting machines have all agreed that the

have fifty-seven (57) written signed testimonials from farmers stating that such is the case. I ask you as an especial favor to call at our store and examine this wonderful machine and read these fifty-seven (57) testimonials. Here is one of them from a man that you all know-a big tobacco raiser and one who always gets the top of the market:

"Maysville, Ky., June 20th, 1860.

"This is to certify that I have seen and worked the Bemis, Tiger and Nagley Transplanters, and can cheerfully say that the Nagley will work better and handle easier in all kinds and conditions of ground than either of the others. The Nagley will turn in give (5) feet less of space than any other machine made. The valve on the Nagley is perfect, always works, never gets out of fix. The plants thrive from the minute they are set out, the best stand of plants I ever saw. My neighbors are all wild over the work of the Nagley, I would not trade my Nagley for a barnyard full of Tiger and Bemis Machines. Signed, Thos. Kubel."

The Vulcan Chilled Plow is absolutely the strongest, best-made, easiest-handled and prettiest plowing plow that you ever had your hands on! That is a rather strong statement but I mean just what I say. You stop your wagon in front of my store. I will put a Vulcan plow on it; you put this plow in dirt and if you agree with me it is your plow; if you don't find it to be the best plow that you ever used bring it back and I will refund every cent of your money. Is that fair? I think so.
